

No. NML-SNP/MTE-CVS/58-20

Date: 12.03.2021

CORRIGENDUM

Sub: Tender for Supply, installation and commissioning of Displacement Measurement System and Data-logger for Creep Machines

Ref: 1) Enquiry No. NML-SNP/MTE-CVS/58-20 dated 18.02.2021
2) Tender ID No. 2021_CSIR_70605_1

The following amendment(s) is / are hereby made in respect of the reference cited above:

With reference to the above procurement, it is informed that due to oversight we have allowed only "xls" BOQ format in the CPP Portal for the financial bid by the bidders although we have mentioned that CSIR-NML will be taking only the rates shown in the price schedule in PDF format. Now that the bidders are unable to upload the financial bid in PDF format, all the bidders are allowed to mention the prices in the xls BOQ format itself and the same price will be considered for price comparison. However, following points may please be noted while mentioning the prices:

- Please quote the total price (for main equipment and accessories) in the BOQ under the column Basic Rate. The price should include the charges towards (a) Packing, Forwarding, Freight, Insurance; (b) Installation, Commissioning, Training.
- CSIR-NML is eligible for concessional rate of 5% GST.
- It may be noted that xls BOQ format has the formula that automatically calculates 5% GST on the price mentioned under column Basic Rate.
- In case any bidder wants to quote separately for Packing, Forwarding, Freight, Insurance, the same may be quoted in lump sum including taxes/duty if any.
- In case any bidder wants to quote separately for Installation, Commissioning, Training, the rate of GST (percentage) may be mentioned under the column "GST (%)" on Installation, commissioning and training charges, if any".

The bid may be submitted as per this corrigendum. All other terms and conditions will remain unaltered.
